

Matson Giving 2017 Manifest

THE ANNUAL REPORT OF THE CHARITABLE SUPPORT AND COMMUNITY ACTIVITIES OF MATSON, INC.
AND ITS OPERATIONS IN HAWAII, THE PACIFIC, ALASKA, AND ON THE U.S. MAINLAND.

Matson®

Message from the Chairman and CEO

This fifth edition of *Manifest*, our annual report of Matson's efforts to strengthen the communities in which we live and work, details the growing diversity of ways our company invests in the quality of life around the Pacific and on the U.S. mainland.

To meet our mission in this regard, we look for ways to support organizations that are particularly effective in our communities.

In the following pages, you'll find details of the support our company provided to 859 such organizations during 2017, and a few select images that illustrate how a total of \$3.7 million in cash and in-kind support made a difference in our communities, one project at a time.

All of the decision makers on our geographically organized Community Giving committees are Matson employees who volunteer for this additional responsibility. Their individual and collective commitment to improving their communities drives Matson's Community Giving program. This report is dedicated to their leadership and the active participation of so many other of our employees in their communities, who together embody the giving spirit of Matson.

Matthew J. Cox
CHAIRMAN AND CEO

Many Types of Support on our Manifest

Our communities and their needs are diverse, and so is our giving.

Cash Grants Our most common type of support is a cash donation. Whether paid in the currency of the United States or of other nations, these donations are made with a generous heart and go straight to the charity's bottom line.

Matching Gifts Contributions to match employees' favorite charities also are cash donations, which are triggered by involved and generous Matson personnel in all of our geographic areas.

Ka Ipu 'Āina This Hawaii-focused environmental cleanup program marked its 16th year of providing cash stipend for spearheading cleanups in beaches and parks across the state.

Adahi I Tano' Shorelines, roadways and parks on the island of Guam benefit from a similar environmental program: assisted cleanups conducted by volunteers rewarded with a donation.

Event Sponsorship Matson sponsors fundraising events, including meals at all hours of the day and night; walks and runs; bike rides and golf tournaments; concerts, competitions and performances.

Container and Equipment Loans and Donations A variety of schools, churches and other charities were loaned dry and refrigerated containers to help them raise funds via craft fairs and rummage sales, festivals, carnivals, graduations, halaus and pow wows. And when a container ends its useful life to Matson with enough life left in it to be valued by others, many eager recipients were awaiting the opportunity to re-use them for a variety of purposes.

Donated or Discounted Shipping Matson moves a lot of cargo for charity, where and when our excellent and frequent service is more meaningful than cash. Both discounted and donated shipping is considered for occasional charitable needs, requested sufficiently in advance and, for disaster response, upon hours' notice.

2017 Community Investment Highlights

Matson's community support totaled \$3.7 million in 2017 comprising \$2.2 million in cash and an additional \$1.5 million worth of in-kind services.

Cash Grants—Notable cash donations of \$20,000 or more include contribution to the United Ways in Hawaii and on the U.S. Mainland; to Hawaii's Bishop Museum; to the American Red Cross in many locations; for the Navy League of the United States; to the American Heart Association; to the Coast Guard Foundation; and to the Hawaii State Department of Education.

Matching Gifts—More than 200 personal gifts were matched in 2017, as employees embrace the power of directing Matson's charitable dollars to causes in their communities.

Ka Ipu 'Āina and Adahi I Tano'—In 2017, 135 charities in Hawaii and 24 in Guam participated in cleanups with Matson paying the disposal costs as well as a stipend for each event. That means, three times a week, we're supporting volunteers who help prevent pollution.

Event Sponsorship—Employee participation events include entire families who support the Special Olympics, Heart Walk, Relay for Life and March for Babies.

Container and Equipment Loans and Donations—Containers were donated in 2017 to charities including the Tiburon Salmon Institute, Rincon Valley Little League, Hawaii Island Invasive Species Committee and the Royal Order of Kamehameha.

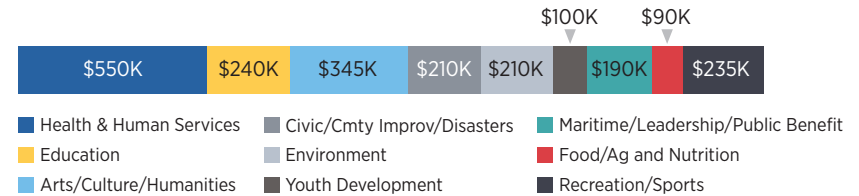

Donated or Discounted Shipping—Shipping was provided for environmental programs to encourage recycling and for the removal of decommissioned Eklutna Dam from Alaska; for medical equipment and supplies moving from Hawaii to Pohnpei, Palau and Majuro; for a mobile spay/neuter clinic to improve animal welfare on Oahu; and canoes large and small moved on our vessels across the South Pacific. Fresh, frozen and pantry supplies for food banks and meal programs were assisted in Alaska and Hawaii.

Since mid-2012, Matson's support for our communities exceeds \$14 million.

Gloria Perez

Gary Nakamatsu, Chair

“Decades of working in Hawaii with Matson’s employees and our customers confirm for me that we all benefit from dedicated and generous members of the community, including those with whom I serve. My tenure as Chair leaves me grateful for the magnitude of Matson’s commitment and humbled by the service of others for their most cherished causes. Mahalo!”

Pacific Committee members are all island residents and they know the benefits and obstacles of life in remote locations, where reliability defines both our scheduled vessel service and Matson’s approach to charitable giving. Throughout Hawaii, Guam, Micronesia, New Zealand, American Samoa, Fiji, and Tahiti, islanders depend on each other to support both essentials and the extras. This year, dozens of new causes—both employee-initiated and community driven—have been added to the list of our most dependable donations.

CASH DONATION An initial gift in 2014 has grown into Matson's signature support for Hawaii's public schools across the state, assisting the New Teacher Induction Center to 'train and retain' via our support for Beginning Teacher Summer Academies, two-days of just-in-time training, now reaching all islands. Matson's 2017 funding also enabled Special Ed teachers to be 'specially' served.

DISCOUNTED SHIPPING Partially disassembled in preparation for transport from Seattle, this WWII torpedo aircraft is stowed safely below deck aboard the MV *Manoa*, destined for the Pacific Aviation Museum in Hawaii to tell the story of America's fight to protect freedom. The delivery enabled the Museum to add to their collection the heaviest and largest single-engine aircraft built at the time.

WESTERN AND SOUTH PACIFIC RECIPIENTS

In our third decade serving island communities beyond Hawaii, including Guam, Micronesia and the South Pacific, Matson's support in these geographic areas grows along with our service network. In total, 109 charities and non-profits were assisted in 2017.

Cash donations totaled \$260,000. In-Kind support reached \$50,000.

From offices in Oakland, Concord, Oakbrook Terrace and Phoenix, to vessel terminals along the West Coast, Matson's giving to Mainland-based causes spans the continent and reflects the shared interests of our employees on land and at sea, our customers and community leaders in many states. This year, we supported maritime, cultural, educational and health-promoting causes across the country.

Main photo: Matson's terminal at Long Beach, CA.

MAINLAND RECIPIENTS

Matson focused support on charities clustered around port terminals in Seattle and Tacoma, Oakland and Los Angeles/Long Beach, and inland nationwide. Employee donations triggered gifts to causes across the continent. In all, 247 organizations were supported in 2017.

Cash donations totaled \$530,000. In-Kind support reached \$45,000.

CASH GRANT Just blocks from Matson's downtown Oakland offices are the protected waters of Lake Merritt where new or experienced boaters can kayak, canoe or paddle a pedal boat. Matson's support of this City of Oakland facility helps provide lifejackets and recreational equipment.

“For all of us Committee members, we are truly honored and take great pride in being part of Matson Giving in Alaska. It’s a fabulous feeling to see the responses when we donate—and this instills a sense of pride as we give back to our communities.”

Alaska Committee members from all ports have engaged enthusiastically in the second full year in the Matson Giving program. Our priorities emphasize the environment and wildlife, meal programs and food banks, activities for the developmentally disabled, heart and lung health, and efforts to end domestic violence.

An auspicious historical event—the 75th anniversary of the WWII bombing of Dutch Harbor—was a highlight this year. During Alaska’s lengthy winter, Matson supports community skiing and hockey. And when summer is available day and night—everybody loves baseball!

ALASKA RECIPIENTS

Matson's support in Alaska remains focused around the ports we serve: Anchorage, Kodiak and Dutch Harbor, and in-kind assistance is strong for statewide causes. Across Alaska, 68 charities were assisted.

Cash donations totaled \$200,000. In-Kind support reached \$860,000, demonstrating the importance of ocean shipping to charities in our northernmost state.
